PLANT REGISTRATION FORM

R

The numbered items are required information.

We do not accept registration of plants introduced or distributed earlier than January 1 of the year previous to your application date. Also, all COPF registrations must have at least one of the following: trademark, Canadian Plant Breeders' Right, or US plant patent. Please contact the COPF office if you need to know how to acquire these rights.

1. Scientific name (genus + species) _____

2. Cultivar name or denomination _____ Trademark _____ ® or ™

Other names _____

3. Plant type (circle one) annual flowering pot plant cut flower perennial shrub tree

Height: _____ Width : _____ 4. Flower color: _____

Foliage features: _____ Chromosome data: _____ Hardiness zone: _____

Preferred method(s) of propagation: _____

How to grow: _____

5. Selling features: (This information may be used to promote your plant.)

6. **Is the plant available for propagation?** (Circle one)

YES If you want COPF members to be entitled to propagate. Your plant will go on our report for royalty collection. For plants with Canadian Plant Breeders' Rights (CPBR), COPF registration does not confer propagation or distribution rights to COPF or its members. PBR plants will appear on our royalty report with a note that a license is required.

NO If you want no COPF members to propagate. Your plant will go on our Restricted List and no royalties will be collected. There will be a \$50 annual renewal fee. Restrictions on propagation in Canada cannot be enforced legally unless the plant has Canadian Plant Breeders' Right (CPBR).

7. Is a license required for a grower to propagate? YES NO

8. Have you licensed anyone already? YES NO If yes, whom? _____

If no, please list a source for plants: _____

9. Parentage: _____

10. Canadian Plant breeders Right applied for? YES NO If yes, when will you apply? _____
